

GLOBAL CITIZENS/ GLOBAL CITIES

WRT 205: Madrid

Make a Requirement a Global Adventure

For six weeks, Madrid will act as the research site for a WRT 205 course focused on the concept of the “global citizen.” As part of the course, students will explore the historical development of a “world” or “global” identity as well as meet the policy makers and activists working to support global human rights. Finally, students will experience a singular human rights event, the World Pride Event: Madrid (esmadrid.com).
